Cordinator Best Bar None, Durham

“The strength of the Best Bar None partnership in Plymouth has been demonstrated by the increase number of premises that have joined the scheme. This has been enhanced by the robust engagement with many agencies and key stakeholders alongside the trade. The Best Bar None scheme is at the forefront of the city’s alcohol strategy for dealing with a reduction in alcohol harms and for working with the trade to assist in the delivery of that strategy.”

“The expectations of a member set by BBN have resulted in improved standards of the premises within the city. This has had a positive impact and allowed many people to enjoy a safe night out in Plymouth.”

Chief Supt. Andy Boulting
Police Commander - Plymouth

“The Best Bar None Scheme in Sheffield is firmly embedded within our Evening & Night-Time Economy. In Sheffield our scheme is more than a tool for reducing alcohol related crime and harm, its more than having well run premises operating very high standards. The Scheme for us is about demonstrating how, in partnership and together, we address issues which also include vulnerability within our city centre.

“As a direct result of the BBN scheme, we as partners from local authority, public health, South Yorkshire Police to name but a few, have a unique relationship with our licenced premises. The BBN scheme in Sheffield isn’t a benefit to the city’s Evening and Night-Time Economy’s, it’s part of its DNA !!!“

“This scheme has been a tremendous success over the years and we are both proud and delighted to have once again won the Overall Best Scheme in the UK Award. Best Bar None has helped make socialising in our city’s pubs, bars, nightclubs and University bars a safe and enjoyable experience and long may it continue.”

Simon Henig

Leader of Durham County Council

“County Durham and Durham City are world known as destinations of culture. Durham City Best Bar None Scheme, now 10 years old, has been pivotal in ensuring our many visitors are safe and have a night to remember, with no mornings of regret, for those who have enjoyed “the night time economy.” Here’s to the next 10 years!”
