St Mungo's
Ending homelessness
Rebuilding lives

Essential elements of a successful local approach

1. Strategic leadership and coordination
2. Prevention
3. Emergency intervention to get people off the streets
4. Integrated housing pathways
5. Move on and recovery - sustaining life away from the streets

Strategic leadership and coordination

- Political leadership
- Strategic planning
- Accountability
- Data analysis, research, evaluation and monitoring
- A 'multiple needs' approach to commissioning
- Community engagement, service user involvement and co-production

Integrated housing pathways

- Housing, support and treatment pathways
- Supported housing / hostels
- Emergency shelter provision?
- Private rented sector access scheme
- Access to health treatment / substance misuse and mental health support
- Housing First
- Clearing House – access to social housing tenancies or PRS

Essential elements of a successful local approach

1. Strategic leadership and coordination
2. Prevention
3. Emergency intervention to get people off the streets
4. Integrated housing pathways
5. Move on and recovery - sustaining life away from the streets
